

ITH Puzzle Tutorial

- 1) If you're using fabric for the top cut a piece of fabric slightly larger than the puzzle/embroidery hoop. Iron on Heat and Bond Lite to the back of your fabric.
- 2) Place Fabric in hoop and stitch any/all details (if it is a one-step design do step 2 & 3 together.)
- 3) Add felt to the back of your hoop and stitch final step.
- 4) Find a pair of small sharp embroidery scissors I prefer Kai 4" curved scissors very sharp!! And cut between pieces. **DO NOT TRIM AFTER YOU CUT** or your pieces will not line up!
- 5) Put together and play!!!
