**Hoop stabilizer (I use tear away)
Stitch placement line on stabilizer**

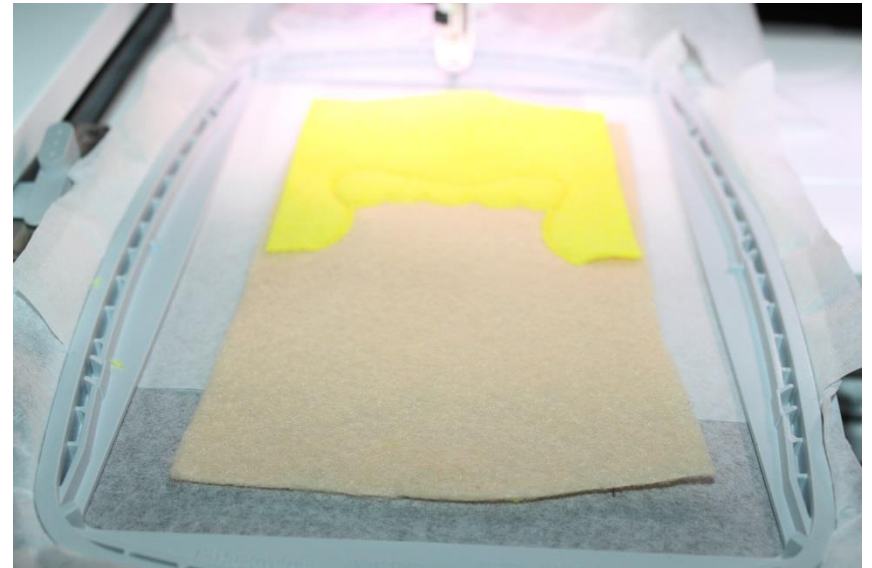

**Lay the fabric down for the main
part of your project.**

Run Placement line lay felt over placement for any applique pices.

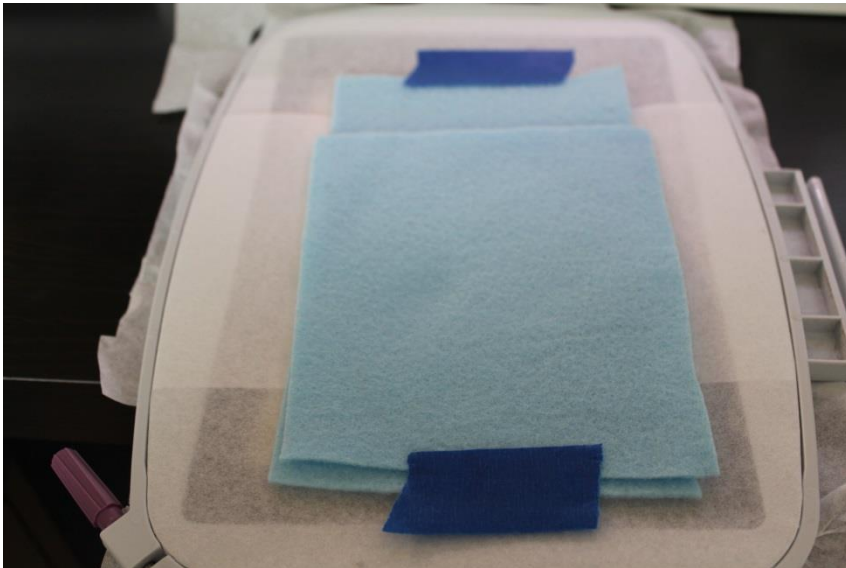

Tack down and only trim around the stitched area it will look like picture.

**Finish any and all applique
pieces And any Stitch Details**

Take and put a full piece of felt the size of your placement line (this varies depending on the size of the device you're making the cover for) over placement and another one ½ inch below placement line.

Put back on machine and finish up final steps.

This is what the front will look like complete.

Back completed. Trim ¼" from edges and you're done
