**Hoop stabilizer (I use tear away)  
Stitch placement line on stabilizer**

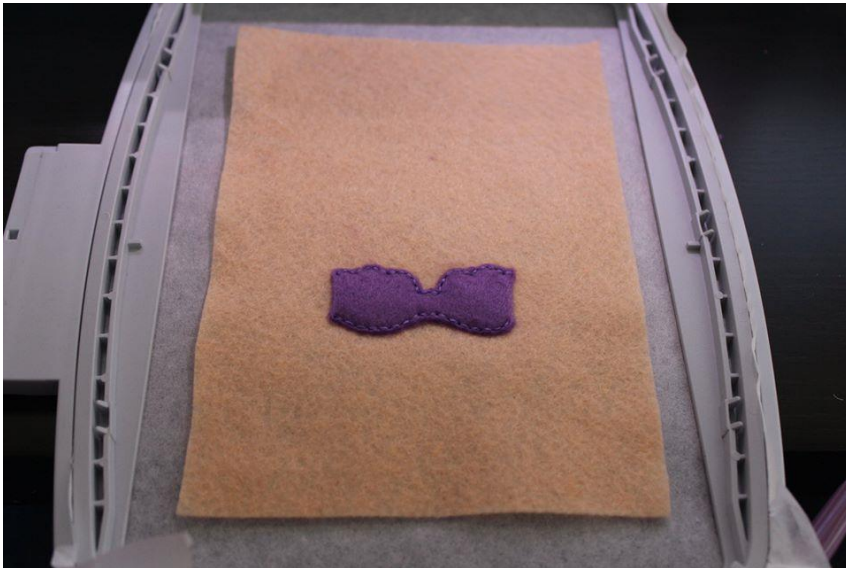

**Lay the fabric down for the skin tone  
this will be your main piece of felt**

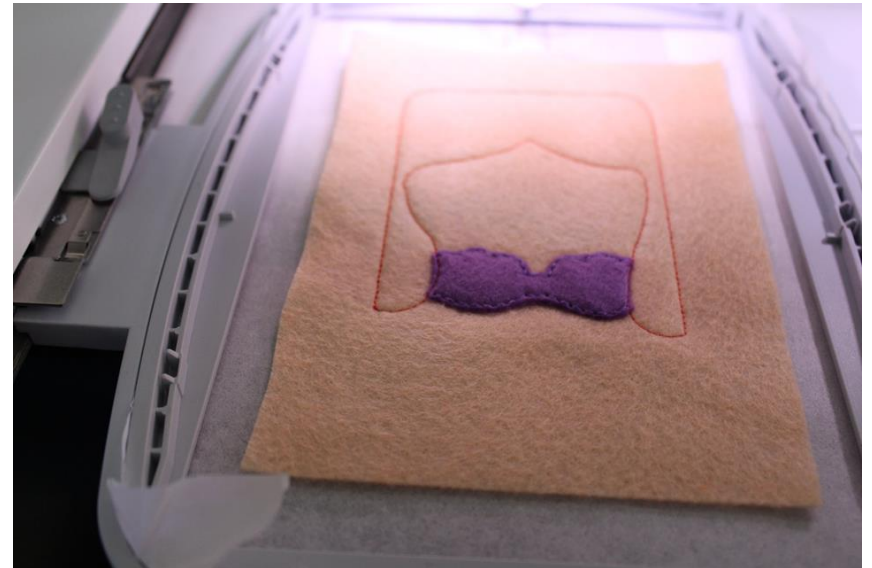

**Run Placement line lay felt over placement  
line for bra.**

**Trim**

**Next, Run placement line for hair.**

**Lay Felt over Placement line**

**Tack down hair and only trim on the inside of face area.**

**Stitch face details.**

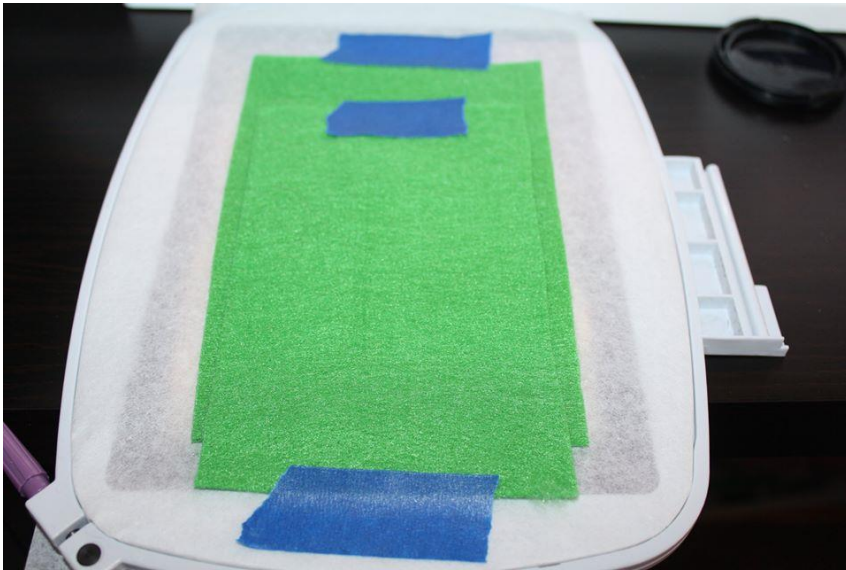

**Run placement line and lay felt over for fin.**

## Stitch fin details

**Take and put a full piece of felt the size of your placement line ( this varies depending on the size of the device you're making the cover for) over placement and another one ½ inch below placement line.**

**Put back on machine and finish up final steps.**

**This is what the front will look like complete.**

**Back completed. Trim ¼" from edges and you're done**
