

Instruction for In-the-hoop Flower

- 1) Hoop light weight stabilizer (either tearaway or cutaway). Polymesh was used in picture.
- 2) Lay fabric on top and felt underneath hoop. Both pieces need to cover sewing field for hoop. Use Heat n Bond lite on fabric if desired.

3) Stitch out embroidery file.

4) Remove from hoop and trim.

- 5) Fold petal in half lengthwise with right side together. Then fold down the two sides bisecting the halves as shown.

- 6) Put a needle thru and pull thru leaving a tail of at least 2 in.

7) Repeat 5) and 6) for the rest of the petals

8) Tie a knot and pull tight. Tie another knot.

9) Rearrange petals.

10) Pull thread to the back and trim leaving half inch tail

11) Glue tail to the back and glue felt circle over it.

12) Glue on center of your choice.
