

In the hoop Mug Wrap Instructions

- 1) Hoop stabilizer and run step 1 placement stitch on stabilizer.
Lay down a layer of batting over placement line. Then lay down fabric right side up on top. Run step 2 (tack down with placement line for monogram. See arrow in stitch map.)
- 2) Place fabric over placement line from previous step and run 3. Trim excess fabric after stitching.
- 3) Run step 4 and 5.
- 4) Run step 6 placement line for elastic.
- 5) Take 2.5" length of 1/4" wide elastic. Fold in half and place on placement line. See stitch map for orientation. Run step 7 to tack down. Use tape to secured elastic as needed.
- 6) Place fabric right side down to cover everything. Run final step.
Remove from hoop and trim. Turn and close opening with ladder stitch.
Attach 1" diameter button on the opposite end of mug wrap.

* Length of elastic and size of button are given for reference. Please adjust if using other size button.
