

## General Instructions:

### Hair Stick Barrettes

- 1) Hoop Tearaway Stabilizer and run placement line on stabilizer
- 2) lay top layer of felt/vinyl over placement line
- 3) Stitch design details (all steps but last step)
- 4) take hoop off machine and place backing on the back of your hoop. I like craft foam as it gives the design a more firm finish, you can use, felt, foam, vinyl whatever you choose~
- 5) Stitch last step.
- 6) Trim 1/8" from stitches for holes you can use a paper punch or cropadile you can also buy a leather punch :)  
Insert Stick and you're finished!!
